MADE BY PEOPLE WHO CARE ABOUT PEOPLE.

That's Yogabar in a nutshell. We were founded by two sisters who had one big dream. Give every Indian the chance to taste nutrition that's protein-first, super delicious, and super affordable. Started in a kitchen in Namma Bengaluru, we use locally sourced whole grains, dried fruits, nuts & seeds. Here, every recipe is perfected over months of research and hard work. Our products use nothing but the highest quality ingredients and contain no added preservatives or other nasties.

So, when you pick up a Yogabar product, rest assured that a great deal of thought went into it. Why? Simply because we like to make the kind of food that we would proudly recommend to our family and friends. We are a team of a few hundred people who work tirelessly to give our customers the choice to – Eat Healthy. Eat Clean. Everyday.

India saw it, and India loves it.
